*CIM Help text: The primary purpose of the course description is to clarify course content. Visit Course Descriptions for more information about writing a good course description.*

Core Ed Questions

Does this course fulfill a Core Ed category requirement? Yes/No

Date SOI Approved MM/DD/YY

*CIM Help text: The Statement of Intent (SOI) is a form submitted through CIM Misc that notifies the Bacc Core Committee of your college’s intention to request Core Ed status on certain courses. You can find the SOI approval date by viewing the 'History' column on the right-hand side of the misc proposal.*

If this course is part of Common Course Numbering, an additional question will be asked:

Does this course qualify for the exception to be more credits than allowable for the Core Ed category due to CCN regulations? Yes/No

Is this course currently in the existing Bacc Core? Yes/No

*** If your answer is Yes:

Would you like this course to continue in the existing Bacc Core? Yes/No

*** If your answer is Yes:

Provide a rationale for the request for your course to remain in its current Bacc Core category. A good rationale will describe the fundamental continuity between the existing category and the new category.

Open Educational Resources (OER)

Does this course use only Open Educational Resources (free learning material)? Yes/No***

***If your answer is No, respond to the following:

In order to maximize access to quality General Education, OSU strongly encourages all course designers and instructors to use OER in their courses. Where adequate OER are not available, course designers and instructors are encouraged to search for low-cost or no-cost options. If this course requires students to obtain non-OER/not-free/for-pay learning resources including non-OER textbooks or online subscriptions, provide a rationale for requiring these resources.

Syllabus Requirements
We collect syllabus information in this form for archiving and reporting purposes. You may copy and paste text from your syllabus into these fields. For more information visit Syllabus-Minimum Requirements.

Student Learning Outcomes
CIM Help text: While Core Ed/Bacc Core courses have learning outcomes specific to their category, the student learning outcomes listed in this field should be course-specific and separate from the Core Ed/Bacc Core learning outcomes. Read more about student learning outcomes.

Course Content
List weekly schedule including topics and assignments. If it is not possible to list the weekly schedule, include a concise outline of topics and activities covered in the course.

How will student performance be evaluated?
If the proposal includes multiple locations or modalities, and there are differences in the grading breakdown on the different syllabi, then this section must include information from all syllabi.

CIM Help text: Evaluation of Student Performance' refers to the grading breakdown of your course. For example, “Participation: 10%; Assessment 1: 25%; Assessment 2: 15%; Quiz 1: 5%; Quiz 2: 5%; Midterm Exam: 20%; Final Exam: 20%” Grading is subject to Academic Regulations 17, 18 and 19.

Learning Resources
CIM Help text: Textbooks, lab manuals, etc, that may be required or optional.

Syllabus – Attach File(s)
Core Ed/Bacc Core courses must include a syllabus for each location and each modality. Reference the specific syllabus template appropriate to the course, location, and modality. Templates can be found in the Syllabus-Minimum Requirements.

Syllabi must be updated to include the required Core Ed elements as found on the templates. Those elements are:

1. Include the verbatim fulfillment statement regarding the Core Ed/Bacc Core categories.
2. Include the 3 relevant category learning outcomes verbatim in an explicitly identified and labeled list which is located near the course fulfillment statement (see above).
3. Make a direct, clearly stated connection between each listed Core Education category learning outcome and specific attributes of the course content. The level of detail used should make it evident to students how different aspects of the course fulfill the specific category learning outcomes.
4. Include a clear description to students of how the Core Education category learning outcomes will be assessed within the course. Assessments need to be described in enough detail that the connection between assessment method and learning outcome is apparent. (simply stating “exam, quizzes, homework, class discussion” will not provide enough detail)
